Home Theater, Made Simple.

Turn your TV into a home theatre with great ease of use, the 2.1 channel configuration soundbar delivers powerful bass with an impressive wireless subwoofer. Supported with Dolby Atmos and DTS Virtual:X acoustic technologies, which will bring your enjoyable sound feast with amazing 3D cinematic surround sound effect. Total six different EQ are finely tuned up by TCL Golden Ear team that fits for every sound scenario that you need.

Most important, With TCL Tutti Choral function, TCL TV and Soundbar work together, it allows the TV and Soundbar audio to be

combined to sound at the same time, you can enjoy extra powerful, round, and spatial audio from the whole audio system. And it also supports only one TCL TV Remote or download TCL Home App to fully control and manage your sound bar conveniently. Furthermore, specially invented room calibration technology which designed for different home circumstances, Soundbar can bring more accurate and enjoyable sound right "Sweet Spot" for your home, all of those will create an incredible Home Theatre.

Product Highlights

Dolby Atmos offers boundary-less sound that moves around you. Individual sounds are precisely placed in the room, immersing you in each story and song.

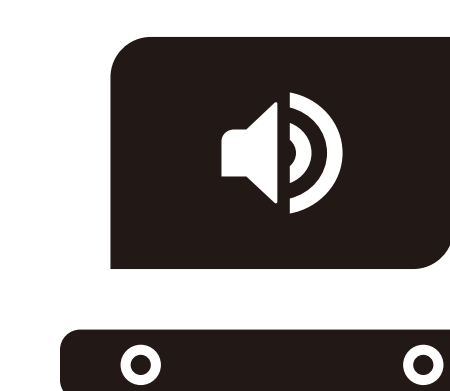

DTS Virtual:X expands the immersive listening experience without extra speakers. Through simulation, a Sound bar can also play surround sound effects.

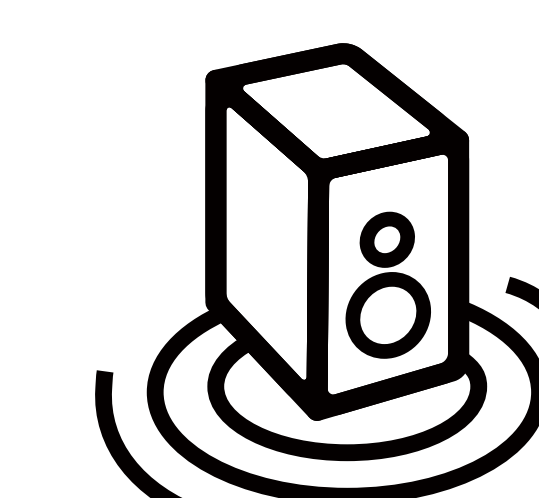

AI Sonic-Adaptation

Automatically match the sonic field according to the noise situation in your room, adjust volume, echo and all sound effects.

TCL Tutti Choral

Combine with the tilt upwards TV speakers, it allows the TV and Sound bar audio to be combined to sound at the same time, this ensures a new listening experience and you can really hear the sound all around you.

Deep and Powerful Bass

Feel the powerful bass with the booming wireless subwoofer, which delivers loud bass and adds more impact to your music, movies, and games.
